

## EM115 – 3PH Cutting Saw ( 3” Capacity) - Foot Pedal 7.5 KW

|  |                                   |
|--|-----------------------------------|
| Hose Capacity ( (Production) R13 & R15 | 2” or –32                         |
| Hose Capacity (Workshop) R13 & R15     | 3” or – 48 ( with special blade)  |
| Hose Capacity ( R12) ( Workshop)       | 3” or –48                         |
| Hose Capacity Industrial               | 3”                                |
| Max OD                                 | 125 mm                            |
| Noise Level                            | 80 dBA                            |
| Brake Motor                            | Yes                               |
| Suction Connection                     | 108 mm                            |
| Drive Method                           | Pneumatic Cylinder and Foot Pedal |
| Cutting Blade                          | TMG 520x4x40                      |
| Length x Width x Height                | 1210 x 650 x 1650                 |
| Weight                                 | 245 kg                            |
| Suction Adaptor Pt No                  | N /A                              |

### Description and Features

- The EM115 is designed for high production workshop cutting up to 3” six wire hoses (note special blade required over 2” size)
- Includes cutting counter, feed control, adjustable return speed
- Upright model with pneumatic footpedal and cylinder for operator ease of use
- Pneumatic cover with interlock to provide extra operator safety.
